Address:

Burlingame, CA, 94010

Organization: Individual

General Comment

Countless women could be left without preventative health coverage because of who their employer is, not because of their own religious beliefs, if the rule is left as written. Religious employers deserve no special treatment when it comes to providing women basic and necessary health care. No employer has the right to force religious tenets on its employees, whether that employer is defined as a religious or secular employer.
